

International Franchising Masterclass

DENTONS

Date and time:

Start: September 12, 2023, 10:00 AM GMT

End: September 12, 2023, 12:00 PM GMT

Location:

Via Zoom

Dentons is pleased to invite you to our International Franchising Virtual Masterclass on Tuesday, September 12, 10 am - 12pm BST.

This event is part of Dentons' International Franchising program and is suitable for organizations that have pursued, or are interested in, franchise opportunities. The session will focus on the negotiation of area development and master franchise agreements.

The event will be presented by global leaders in franchising and offers an opportunity, not only to learn from our market leading franchise lawyers, but also to debate issues with your peers under Chatham house rules.

Due to popular demand, we are also including another legal update session on recent developments, in international franchise laws.

In addition to hearing from our speakers you will have the opportunity to participate in an interactive debate and share experiences with fellow delegates, franchise professionals and lawyers from around the world.

It's a great opportunity for you to learn from your peers about the challenges and opportunities in international franchising.

We do hope you will be able to attend.
