

# Dentons advises on award-winning infrastructure deal

March 19, 2018

Dentons is proud to congratulate the entire Ohio State University Comprehensive Energy Management Project team for winning the IJGlobal North America Social Infrastructure and Overall Deal of the Year Award.

ENGIE, together with Axiom Infrastructure US, won the 50-year concession valued at US\$1.165-billion to address Ohio State University's energy sustainability goals for its 485-building campus in Columbus, Ohio, one of the largest university campuses in the United States.

Instrumental to the University's comprehensive energy management project were members of Dentons' Montréal office, Mathilde Carrière, together with Emma Hand, of Dentons' Washington office, who advised ENGIE Services, the operation and maintenance provider of the 50-year concession.

## About Dentons

Dentons is the world's largest law firm, connecting top-tier talent to the world's challenges and opportunities with 20,000 professionals including 12,000 lawyers, in more than 200 locations, in more than 80 countries.
