## Overview

Alexey is an Of counsel in Dentons' Russian Tax and Customs practice. He focuses on advising on international and Russian tax law. Alexey has extensive experience advising on the organization and conduct of tax due diligence of a transaction target taking into account possible specific industrial/operating risks, developing proposals on how to structure transactions (including foreign jurisdictions), analyzing the tax implications of sale and purchase agreements and developing proposals to carry out corporate restructuring of the target, as well as analyzing whether the tax assumptions of transactions' financial models are correct.

Before coming to Dentons Alexey worked for nine years at EY as director of the Transaction Advisory Services group, and before that at TNK-BP Management OJSC as deputy director of the Tax Planning & Methodology department.
