

Overview

Manufacturing is a key driver of the American economy. With challenges that include enhanced compliance requirements, protecting intellectual property, growth imperatives and global competition, you need a multidisciplinary legal team that will navigate these challenges and foster opportunities for growth.

Rely on Dentons for strategic legal counsel regarding all facets of the manufacturing process, including innovation, design, production, supply management and brand protection. Having represented manufacturers in numerous industry sectors, we're well equipped to advise on mergers, acquisitions, strategic alliances, competition and antitrust, domestic and foreign regulations, patent and trademark prosecution, licensing issues and dispute resolution.

Our lawyers offer innovative business and legal solutions to clients in numerous manufacturing sectors, including:

- Agribusiness
- Automotive
- Aerospace components
- Building products
- Chemicals and petrochemicals
- Consumer products
- Electrical and electronic components
- Food and beverage products
- Luxury products
- Medical equipment
- Pharmaceuticals
- Sports apparel

Whatever your challenges in the manufacturing sphere, Dentons' offices in 16 American cities are equipped to find innovative solutions. We offer the resources and capabilities to address matters including:

- Acquisitions and divestitures of facilities
- Joint ventures, subcontracting and outsourcing
- Machinery supply
- Material and components procurement
