

Overview

Lawyers are increasingly at risk. In an ever-changing economy and an increasingly competitive environment, lawyers face challenges many would have considered unthinkable just a few years ago. Increased globalization, new local regulation, and enhanced civil and criminal claims and investigations only compound the risks.

Dentons' Law Firm practice serves as a trusted advisor to a wide variety of lawyers, law firms and corporate legal departments. Our team has substantial experience in claims alleging negligence, malpractice, and more creative theories from clients or third parties. We work with you in the swift resolution of partner and employment disputes. We also help lawyers and law firms identify and execute preventative measures, including related risk management, ethics compliance and insurance issues.

Take advantage of our group of leading litigators and counselors who speak and write regularly on related topics. We are knowledgeable and experienced in dealing with the legal, economic and internal aspects of these representations, and we are pleased to represent a highly discerning, demanding clientele.

Our areas of focus include:

- Malpractice and claims defense
- Partner and employee disputes
- Compliance
- Risk management
- Disciplinary defense
