

Overview

Our dedicated fund finance team at Dentons has unparalleled experience acting for banks, alternative lenders and borrowers on the full range of fund finance products across all fund sectors. As market leaders in this field, our understanding of the legal and commercial issues relevant to lenders and borrowers alike in fund finance transactions is unrivalled. We pride ourselves on our commitment to understanding the dynamics of our clients' businesses and our ability to deliver practical, innovative and business focussed solutions.

We have extensive experience in, amongst other things, bridge/subscription finance facilities, equity commitment financings, general partner support/co invest/management fee facilities and leverage facilities to feeder funds, listed funds, secondary market players and funds of funds.

Our fund finance team is fully integrated with and benefits from the vast experience of all supporting disciplines, including our highly regarded investment fund, financial regulation and tax teams. We also have close ties with fund and fund finance lawyers across all jurisdictions typically encountered on fund financing transactions.

Our exceptional commitment to substantive excellence and unparalleled service is central to how we promote all of our service line and geographic strengths to sector clients and prospective relationships.
