

## Overview

The Intellectual Property team assists leading local and multinational clients in the fashion, luxury goods, furniture, retail, food, electronic communications, media, IT, gaming, entertainment, life sciences, banking, insurance and financial services sectors. Our IP team provides comprehensive advice on all aspects of IP issues, including patents, designs, trademarks, copyright, trade secrets and unfair competition. The team has broad experience in IP litigation. Our IP practice includes a variety of transactional matters, including licenses, distribution agreements and IT. We support clients on administrative proceedings before the EUIPO and Customs for border enforcement issues.

## Key service areas

The team advises and represents clients in the following areas:

- IP litigation
- Trademarks and trade names
- Designs
- Patents
