

Intellectual Property and Technology in Russia, CIS and the Caucasus

Overview

Dentons is one of the few large legal firms boasting a long-established and independent Intellectual Property and Technology practice in Russia, CIS and the Caucasus.

Our experience advising and representing clients in all Intellectual Property sectors means you can trust our lawyers to assist confidently with your acquisition, maintenance, use, exploitation and protection needs for the following rights and creations:

- IPR Management
- Anti-counterfeiting and anti-piracy
- Copyright
- Patent protection and enforcement
- Trademarks
- Trade names
- Registered designs
- Neighboring rights
- Domain names
- Transactional IP

Our lawyers are well-versed in the regulatory framework of many jurisdictions. We have extensive experience with financing and support transactions in information technology industries.

Utilize our specialized practice in intellectual property litigation, involving:

- Copyright litigation
- Cybersquatting and domain name litigation
- False advertising
- Intellectual property licensing and related contractual disputes
- Patent litigation
- Technology, telecommunications and outsourcing disputes
- Trademark and passing off litigation
- Trade secret infringement and misuse of confidential information litigation
- Unfair competition (print, music, art, graphics, film, photography, the Internet)

- Anti-counterfeiting
- Patent infringement and enforcement litigation
- Intellectual property and related disputes concerning the arts.

Guided by market trends and our clients' demands, we bring unique legal knowledge to bear on issues and understand the technical side of your business in the information technology sector. This highly specialized approach, in addition to the level of technical expertise of lawyers in the firm, enables Dentons to take the lead in providing services to prominent companies as well as state corporations. We consider all relevant issues for you when undertaking new information technology projects.

Look to Dentons for all your Intellectual Property and Technology needs in Russia, CIS and the Caucasus, including:

- IP rights protection
- E-Commerce, Internet and E-Payments
- IT contracts and outsourcing
- Advice on Internet regulation
- Data protection—including in the area of personal data management
- Telecommunications and mass media licensing and registration
- Concluding contracts between telecommunications and media companies and various service providers in the market
- IPR management for the IT and media industry
