

## Overview

Now, more than ever, decisions in local and national capitals around the world move financial markets, influence corporate strategy and shape business news headlines every day. With unprecedented government involvement in the global economy, you need a partner with a finger on the pulse of the public policy discourse.

Dentons' Information Capital practice is the answer for you. Market analysts, fund managers and executives count on our insight and experience to help them manage risk and find opportunities in the legislative and regulatory process.

Let our global reach help you evaluate legislative proposals and regulatory trends in key industry sectors. Our valuable insight into critical developments allows you to make swift decisions beneficial to your bottom line.

We regularly engage public and private sector policy-makers to provide you with the valuable information and analysis you need as you focus on substantive changes under way in these and other sectors:

- Energy
- Financial services
- Transportation
- Environment
- Health care and pharmaceutical
- Technology

Whether you're analyzing shifts in defense, aviation and homeland security spending; or you're immersed in privatization initiatives or other matters vital to your effectiveness, Dentons will keep you on the cutting edge of the information curve.
