

Restructuring, Insolvency and Bankruptcy in Germany

Overview

We offer an extensive and multi-layered restructuring practice with comprehensive expertise in all areas of insolvency, finance and corporate law at each of our four offices in Germany. This puts us in an excellent position to provide advice in the areas of reorganization, restructuring and insolvency.

Key service areas

Turn to us for legal advice in the following areas:

- All questions of national and international insolvency law
- Development and implementation of restructuring concepts – including in cross-border matters
- Advising on self-administration and protective shield proceedings
- Coordination and representation of creditor groups in restructurings (promissory note loans, bonds, etc.)
- Corporate acquisitions in crisis situations and insolvency (distressed M&A)
- Restructuring of financial liabilities
- Acquisition, sale and administration of non-performing loans
- Double-sided trusteeships
- Supervisory law, state aid law and regulatory issues
- Insolvency tax and labor law
