

Overview

Uganda, the Pearl of Africa, is one of the fastest-growing economies in Africa. Its growth at an average of 6.5% per year and recent oil and gas discoveries position Uganda as one of the most exciting regions for investment.

Dentons has worked in the region for nearly 20 years and, in November 2019, combined with Kyagaba and Otatiina Advocates to launch in Kampala. The team enjoys a long history of collaboration with Dentons and reflects the energy and dynamism of doing business in Africa today.

Contact our team in Kampala to connect with legal talent throughout the rest of the world. As the only global firm in Uganda that can leverage sector expertise, along with an award-winning referral network of more than 500 firms and technological innovation, we provide clients with a real competitive advantage.

We are a full-service law firm working across a number of areas, including:

- Banking and Finance
- Corporate, Commercial, Capital Markets and Securities, and M&A
- Litigation and Dispute Resolution
- Employment
- Construction
- Energy, Mining, Environment and Natural Resources
- Insurance
- Intellectual Property
- Real Estate
- Tax
- Technology, Media and Telecommunications

Our lawyers work closely with you, combining their technical expertise, experience and commercial acumen to help you manage your risk and achieve your goals. Our clients include global corporations, small and medium-sized enterprises, entrepreneurs and individuals who are active in almost every sector of the Ugandan economy. Clients come to us for different reasons, but invariably stay with us for the same ones – relationships built on trust and galvanised by the quality of our legal advice, commercial know-how and shared appetite for success.
