Overview

This oil-rich economy, where the international petroleum industry began in the mid-19th century, has experienced a second oil boom following independence in 1991. The opening of new export routes via the Baku-Tbilisi-Ceyhan oil pipeline and the South Caucasus Pipeline system for gas has led to public spending increases in infrastructure projects and the modernization of Azerbaijan. At the same time, diversification of the economy and the development of new industries are a national priority. Openness to foreign investment has aided Azerbaijan’s transition to a market economy and wide-ranging reforms have improved its overall macroeconomic environment. With this rapidly developing and reforming country, you need a firm that’s familiar with the local, as well as the larger challenges.

Dentons has that understanding. The Baku office is truly immersed in the country and has been active in Azerbaijan for more than two decades. Our lawyers deliver intelligent solutions from a position of knowledge and strength and speak your language, being fluent in English, Azerbaijani and Russian.

Major international and local companies, as well as financial institutions and government entities, seek Dentons’ advice because of our strength in foreign investment, energy and natural resources, banking and finance, real estate and infrastructure development. Representative Experience

- **Pool of International Creditors:** A Dentons’ multi-office team represented a pool of leading international financial institutions as creditors to AccessBank, one of the leading commercial banks in Azerbaijan, in successful debt recapitalization of the bank valued at US$108 Million in Tier I, Tier II, and contingency capital. The transaction perfectly illustrates Dentons’ ability to assemble a deep pool of talent in CIS/CEE restructuring and leading local regulatory expertise. Valued at over US$100 million, the deal represents the second largest recapitalization and restructuring in the history of the Azerbaijani financial sector. Advised the lenders’ steering committee on all aspects of the transaction under Azerbaijani law, negotiated with the bank and its shareholders, prepared an innovative restructuring and recapitalization plan, and obtained all required regulatory approvals from the Financial Market Supervisory Authority of the Republic of Azerbaijan, drafted and negotiated all underlying Azerbaijani law agreements, and implemented all aspects of this complex restructuring.

- **Pasha Bank:** Advising a leading investment and corporate bank in Azerbaijan, on the Azerbaijani law governed US$15 million unsecured syndicated loan facility first lending transaction of kind in Azerbaijan, including drafting the cutting-edge bilingual precedent in a fast-changing legal environment, as well as negotiating the terms of the transaction among multiple parties to bring the deal to a successful closing.

- **CNIM S.A.:** Advising the French engineering and construction company on the drafting, negotiation and implementation of a Fédération Internationale Des Ingénieurs-Conseils (FIDIC) design-build-operate contract, adapted to conform with Azerbaijani law, for the construction and operation of a €346 million state-of-the-art waste-to-energy incineration plant in Baku, and related corporate, commercial, administrative and employment work.

- **German bank:** Advising in connection with two export credit loans of €56.2 million and €7.8 million to the International Bank of Azerbaijan for financing the purchase by Caspian Management Systems LLC of a turnkey wind park and related services from German exporter Mitaki Project GmbH, under Euler Hermes cover. This loan transaction, which is essential to the new Mitaki wind park project, was named Deal of the Year by Trade Finance.
International automobile manufacturer: Advising and representing one of the biggest international automobile manufacturers in a products liability claim raised by a consumer alleging more than €6 million in moral and material damages. The case which started in 2010 went through all levels of the courts and our team successfully ended the case in the final appellate hearing. The decision of the Supreme Court of the Republic of Azerbaijan was entered in favour of our client on all counts. The successful outcome of the case may be a deterring factor for others to raise similar groundless claims against international automobile manufacturers.

International Bank of Azerbaijan: Advising on the establishment of an Islamic Banking Unit and the drafting of amendments to the banking legislation of Azerbaijan to accommodate Islamic banking. This will be the first time that Islamic banking products will be offered in Azerbaijan and will serve as a model for any future Islamic banking structures within the country and the region.
