

Overview

Teaming with Dentons' Muscat office means you gain access to unparalleled experience and capability in a country that has undergone numerous legislative and regulatory reforms over the past 40 years.

Established in 1981, Dentons was one of the earliest international firms to open its doors in Oman and has steadily grown to become the largest international law firm operating in the Sultanate. We are truly in and of the community, with long-standing relationships with local business communities, governments and regulatory authorities.

We are also proud to be the first international firm to have a specific training programme for our Omani lawyers to qualify as English solicitors, which has contributed to Omani nationals making up over 40 per cent of our firm's qualified lawyers.

Our Muscat team has been consistently ranked Tier 1 in every category in the Chambers Global and the Legal 500 directories for over 10 years, and is currently the only firm in Muscat to achieve Band 1 rankings across all categories in both guides.
