

Overview

Dentons' Kansas City office has a long history of providing exceptional quality and outstanding customer service within one of the most affordable, cost-effective legal markets in the US. Our team of diverse, well-rounded lawyers and professionals can provide you with the superior legal services you need to meet and exceed your goals. We specialize in local insight, with an expanded international platform.

With a staff of approximately 50 lawyers, this office brings a wealth of experience, insight and passion to a wide variety of practice areas.

Our professionals also combine the critical perspective of a global firm with a rock-solid commitment to the numerous communities we serve.

Whether you're a startup entrepreneur in an emerging business sector or a Fortune 500 company, Dentons offers the expertise and expansive leadership experience you need to solve some of your most complex, challenging problems.
