

## Overview

Mobile is the nerve center of south Alabama's business activity, and Dentons Sirote is centrally located in the heart of downtown's bustling business district. While shipbuilding and logistics are a large part of the Mobile economy, this coastal city is also home to more than 40 aerospace companies. The state's largest manufacturing export category is transportation equipment, with the chemical industry being the state's second-largest export, followed by paper products.

Housed in a preserved 1907 building, the lawyers in the Mobile office of Dentons Sirote work to deliver superior outcomes and solutions to clients from diverse industries in connection with matters ranging from corporate transactions, health care, civil trials, insurance and commercial litigation to labor and employment, tax planning and estate planning and administration.

Dentons Sirote's Mobile-based lawyers have been honored as *Best Lawyers* "Lawyers of the Year" in Mobile, recognized by *The Best Lawyers in America* and named to the *Mid-South Super Lawyers* list. They know and care for the city, with one of our lawyers serving as the general conservator for Mobile County.
