

Overview

Dentons has been present in the Bay Area for nearly 30 years, servicing the legal and business needs of clients in San Francisco's financial district and throughout Northern California. The Firm has expanded its Bay Area presence with the opening of an office in Oakland at Lake Merritt Plaza. Our lawyers and professionals have years of experience providing creative, responsive and diverse solutions on behalf of clients across the region.

Lawyers in our San Francisco and Oakland locations are experienced in real estate, commercial and civil litigation, insurance coverage, environmental matters, energy, product regulation, bankruptcy, insolvency, creditors' rights and intellectual property. Representative clients include commercial and residential developers, American Indian tribes, construction companies, financial institutions, financial services firms, insurance companies, franchisors, technology companies and court-appointed fiduciaries.

Dentons is proud to support the Bay Area community in many different ways. We have provided pro bono assistance in matters related to landlord-tenant, family law, estate planning and nonprofit counseling—particularly in the areas of corporate law and labor and employment law—as well as handling matters relating to political amnesty and migrant farm workers' rights.

Frequent coordination with our teams based in Silicon Valley, Los Angeles, San Diego and Orange County provides clients with significant resources in California. With a multidisciplinary approach and a global reach, we focus exclusively on providing you with the high-quality legal services you need to achieve your business objectives both in California and beyond.
