

Overview

Surrounded by a wealth of emerging growth and Fortune 500 companies located throughout the New Jersey and New York metropolitan areas, Dentons' Short Hills office focuses on meeting the needs of today's businesses with tomorrow's strategies and solutions.

Our team of seasoned professionals leverages significant business acumen, experience and strategic thinking across a range of industries and practice areas. The team's rich set of relationships with venture capital, investment banking and finance professionals is critical to helping you find the answers you need. From information technology and life sciences, including pharmaceuticals, biotechnology and medical devices, to trust and estates, litigation, infrastructure and energy, and venture technology, we focus on finding new and innovative ways to ensure your success.

When it comes to meeting your toughest business challenges, Dentons' Short Hills office has the clear vision, extensive expertise and strategic insight to help you achieve your goals.
