

Overview

Located in the northwest corner of Alabama, the area known as “the Shoals” is comprised primarily of four separate cities – Florence, Muscle Shoals, Sheffield, and Tuscumbia. Our office in the Shoals, Dentons Sirote’s newest location, is located in the heart of the area – downtown Florence. The Shoals’ rich artistic, musical, and cultural heritage, which pull visitors from all over the world to the Shoals, has provided the platform for the region’s transformation into a lively, modern community. Shoals natives, such as Helen Keller and W.C. Handy, the Father of the Blues, have profoundly impacted countless individuals across the globe, and the Shoals remains a steady, rooted source of economic and artistic inspiration.

With longstanding relationships across the Tennessee Valley, Dentons Sirote is pleased to serve new and existing clients throughout the Valley with a full array of legal services. While the lawyers in the Shoals office of Dentons Sirote have broad experience both substantively and geographically, they are most frequently retained to advise and represent clients in business or commercial matters, including litigation. Having developed decades of experience in resolving, litigating, and obtaining successful outcomes in complex business and commercial disputes, they understand the importance of considering each matter on a case-by-case basis and working with each client to determine the appropriate path forward in that situation, considering all factors which may play into the analysis.
