

# Sustainable Bonds being regulated in Mauritius

June 10, 2021

The Bank of Mauritius has issued its Guide on Sustainable Bonds. It provides the process for the structuring, issuing and listing of sustainable bonds in Mauritius, as well as the sanction for non-compliance with obligations.

The Guide places Mauritius as an attractive ESG hub to raise capital from international investors whilst bridging the gap for Africa's financial needs to meet Sustainable Development Goals.

To access the full link to the Guide please click [here](#).
