

March 19, 2019

In the wake of the release of the much-anticipated 2019 Federal Budget, members of Dentons' Tax group, together with a team at Wolters Kluwer, have prepared a Special Report which provides a detailed analysis and concise summary of the changes featured in the Budget.

The Report also highlights the potential implications for businesses and investments in Canada.

Download the complimentary Special Report: Canada Federal Budget 2019.

Webinar

Our leading tax lawyers will host a Webinar on Friday March 22 at noon EST where the 2019 Federal Budget and its potential implications for businesses and investments in Canada are explored. This webinar will provide you with a thoughtful examination of the changes and the potential impact of such for tax advisers in connection with tax planning and tax compliance. Learn more.
