

COVID-19 Health and Safety Information for visitors to Dentons Canada LLP offices

May 25, 2022

We have implemented health and safety protocols in our offices, to ensure a safe work environment and to prevent the spread of COVID-19 by mitigating the risk of exposure to our Firm members, visitors, and community.

As a visitor to our office, you should know:

- Effective September 7, 2021, all visitors to our offices or Firm events must be fully vaccinated against COVID-19.
- Visitors are required to review health screening questions to ensure they are symptom free before entering our offices.
- Visitors are required to follow local public health requirements as they relate to wearing masks and physical distancing.
- Hand sanitizer and masks are available at our reception desk.

We have also taken the following steps in all offices:

- Effective September 7, 2021, all Firm members must be fully vaccinated against COVID-19 to attend our offices..
- All Firm members are required to adhere to our Communicable Disease Prevention Plan or COVID-19 Health and Safety Plan, as applicable to their local office. Firm members are also required to adhere to all requirements set out by local and provincial public health authorities. This includes not attending the office when experiencing symptoms of illness.
- We have enhanced cleaning and disinfection of high touch surfaces throughout the office, including in elevators and washrooms.
- We have a rapid response procedure in case a person becomes symptomatic at the office, or there is a possible exposure to COVID-19 within the office.
