

COVID-19 Health and Safety

Information for visitors to Dentons Canada LLP offices

August 3, 2021

We have implemented health and safety protocols in our offices, to ensure a safe work environment and to prevent the spread of COVID-19 by mitigating the risk of exposure to our Firm members, visitors, and community.

As a visitor to our office, you should know:

- We have implemented **mandatory health screening** for visitors to the office. Visitors are required to be symptom-free, and may be subject to access restrictions due to recent COVID-19 exposure or travel.
- Visitors are **encouraged to wear a mask or face covering, and to maintain physical distance from others**, in the building lobby, elevator, and within our offices in Calgary, Edmonton, and Vancouver.
- Visitors are **required to wear a mask or face covering and maintain physical distance from others** in the building lobby, elevator, and within our offices in Toronto, Montreal, and Ottawa.
- **Conference rooms** have reduced recommended occupancy to ensure physical distancing can be maintained. Conference rooms are cleaned after each meeting.
- **Floor markings and signage** will direct the flow of people and promote physical distancing within the office. Please adhere to the signs and floor markings.
- **Hand sanitizer** is available in the building lobby, and upon entry to our office.

We have also taken the following steps in all offices:

- All Firm members must adhere to our **COVID-19 Operational Policy, the COVID-19 Health and Safety Plan or Communicable Disease Prevention Plan** for their local office, and all requirements set out by local and provincial public health authorities.
- We have implemented **mandatory health screening for Firm Members.**
- **Office occupancy** has been limited in some offices, in accordance with directives issued by local public health authorities.
- We have **enhanced cleaning and disinfection** of high touch surfaces throughout the office, including in elevators and washrooms.
- We have a **rapid response procedure** in case a person becomes symptomatic at the office, or in case there is a possible exposure to COVID-19 within the office.
