## Overview

Thomas is an associate working in the Banking & Finance practice of the Firm's London office focusing on project finance. He has advised banks, private equity houses and sponsors across a range of financing, corporate, trading and commercial issues on their investments and acquisitions of energy and infrastructure-related assets.

Thomas spent six months on secondment to Dentons' office in Singapore in 2018.

## Experience

- **Lenders:** Advising on the c. £40 million refinancing of a portfolio of three operational solar farms in the UK.
- **Lenders:** Advising on the c. US\$30 million refinancing of the construction and operation of a port in Antigua.
- **Lenders:** Advising on the c. US\$46 million refinancing of the construction and operation of a solar farm in Jamaica.
- **Private equity house:** Advising on the €6.825 billion acquisition of Unilever's spreads business.
- **Trader:** Advising a trader on three secured gas and electricity trading arrangements with start-up utility companies.
