

Date and time:

Start: July 30, 2019, 1:15 PM EST

End: July 31, 2019, 12:00 PM EST

Location:**Dentons US LLP**

1900 K Street NW
Washington, DC 20006

United States

Please join leading LNG industry executives and experts to address the challenges presented by a maturing global LNG industry. In a closed-door environment, the workshop will allow high-level participants to fully engage in worthwhile discussions, and take advantage of quality networking opportunities. Join us for a unique opportunity to exchange information on market outlook, business and investment models, pricing and contract terms, innovations, challenges and best practices for the LNG sector. The workshop will feature two half days of presentations, discussions and networking opportunities.

Discussion topics include:

- Market overview and supply and demand, now and in ten years;
- Markets and players;
- Business and investment models;
- Impact of new technologies;
- Pricing and contract terms;
- LNG regulatory and legal issues.

Evening reception

On Tuesday evening before the Summit, please join us from 5:30-8 p.m. for hors d'oeuvres and cocktails on the rooftop of our Washington, DC, office building at 1900 K Street NW.
