---

### **9:10 a.m. The Frontier of mining innovation: dealing with disruptive technologies**

From artificial intelligence to drones, the mining industry is increasingly relying on disruptive technologies. Join our panel to hear about the latest developments and potential risks related to their use.

#### **Speakers:**

**Adam Allouba**, Canada Co-Chair of Dentons' Mining group

**Kathryn McCulloch**, Partner, Dentons Canada

**Guy Desharnais**, Director of Mineral Resource Evaluation, Osisko Mining Inc.

**Denis Laviolette**, President, CEO & Director, Goldspot Discoveries Inc.

#### **Accreditation**

LSO: 30 minutes substantive

LSBC: 30 minutes substantive

Barreau du Québec: The eligibility of this session has been confirmed by the Barreau du Québec for 30 minutes of continuing education.

---

### **9:45 a.m. Drilling down on anti-corruption and bribery: enforcement trends and practical compliance strategies**

The growing global demand for greater transparency and accountability, along with more aggressive enforcement action, is changing the mining landscape. Mining companies are expanding globally and operating in jurisdictions where local practices may conflict with international expectations. Join our panel to hear about the latest on this topic.

#### **Speakers:**

**Anthony Cole**, Partner, Dentons Canada

**Murray Rodych**, Counsel, Dentons Canada

**Stephen I. Hill, Jr**, Partner, Dentons United States

#### **Accreditation**

LSO: 15 minutes professionalism and substantive

LSBC: 30 minutes substantive

Barreau du Québec: The eligibility of this session has been confirmed by the Barreau du Québec for 30 minutes of continuing education.

---

## **10:20 a.m. Protecting your investments and assets: using investment structuring and arbitration clause drafting to your advantage**

Capital-intensive projects in foreign countries and long-term agreements in the mining industry can be subject to political risk and change that can impact your investment. Join us to learn about the protections available through investment treaties and how properly structuring your investment at the outset can assist in protecting your international interests. We will also discuss key considerations for those matters where treaty protections are not available, and how incorporating a commercial arbitration clause can create a dispute resolution process appropriate to what matters for your business.

### **Moderator:**

**Jorge Neher**, Partner, Dentons Cardenas & Cardenas (Colombia)

### **Speakers:**

**Jean-Christophe Honlet**, Partner, Dentons Europe

**Rachel Howie**, Partner, Dentons Canada

**Michael Schafner**, Partner, Dentons Canada
