

Be part of the "next big thing" in Dusseldorf

大成 DENTONS

July 2019

Chanel suits on Kö and punks on the streets. Frank Gehry in the Media Harbour and the "longest bar in the world" in the Old Town. Japan Quarter and DAX Groups. Düsseldorf is a living contradiction, multi-faceted, always new, but most of all: an exciting international legal market. The city is the perfect environment for our new location to break ground.

Dentons' Düsseldorf office mirrors our corporate strategy: representative, but not pretentious. It provides open spaces for teamwork and communication among colleagues, but also separated and quiet rooms for focused work. Laptops are available for everyone, there is an innovative e-learning room and a spacious parent-child area. Start your career in a young team of personalities with an entrepreneurial mindset and we can work together to develop our location. We look forward to getting to know you!

Send your application now and be part of #DentonsDUS.
