

Dentons sponsors Eastern Europe and Central Asian Network UK Roadshow

February 4, 2020

London/Istanbul —Global law firm Dentons was a proud sponsor of the British Chamber of Commerce in Turkey's (BCCT) "Eastern Europe and Central Asian Network (EECAN) UK Roadshow", which took place in Manchester, Coventry, Oxford and London from January 28 to 31, 2020. The roadshow showcased EECAN as a first-choice partner for international trade and investment for UK businesses and provided participants with insight and guidance on exporting to or investing in the region. The events focused on four sectors that are emerging as strategic markets for UK businesses – advanced manufacturing, technology and smart cities, energy and healthcare.

EECAN is a cluster of 14 countries with growing economies, and due to the increasing demand for ever-higher quality products and services. British companies have seen their business expand in the region in recent years. The roadshow looked at opportunities in Armenia, Azerbaijan, Belarus, Georgia, Kazakhstan, Kyrgyzstan, Moldova, Mongolia, Russia, Tajikistan, Turkey, Turkmenistan, Ukraine and Uzbekistan.

A pioneer in the CIS and Central Asia region, Dentons has had a presence in many of these locations since the 1990s.

Dentons' London office hosted the key event on 31 January 2020, which included keynote speeches from members of the UK government, ambassadors to the UK from the EECAN region, as well as breakout sessions to sharing experience and best practices about doing business across the region.

Partner Tamsyn Mileham spoke on a panel on "Trading with Turkey and Russia: the Global Giants of the Eastern Europe and Central Asian Network" in London. Numerous Dentons lawyers were on-hand to advise interested businesses on all aspects of investing in and trading with these regions.
